1. Introduction

This document is a short summary of the changes to the braille rules for ordinary text, as concerns uncontracted braille. It does not provide a full statement of the rules, nor a full list of the signs which UEB provides. For this, reference should be made to *The Rules of Unified English Braille*, produced by and available from ICEB (www.iceb.org). UEB doesn't deal with braille layout, and so only braille coding rules are affected.
